

# BLP in Red Oaks

IN RED OAKS, BLP (WHICH STANDS FOR BUILDING LEARNING POWER) IS EXTREMELY IMPORTANT BECAUSE IT IS WHAT MAKES OUR SCHOOL A FANTASTIC PLACE TO LEARN. DESPITE THE FACT THAT SCHOOL HAS LOTS OF THINGS TO REMEMBER , BLP LETS YOU HAVE FUN!

# COLLABORATION

- ▶ The first topic that we would like to discuss is collaboration
- ▶ This is an important muscle because if we work together then we don't have to fight because we are working together as a team
- ▶ In addition to this, collaboration is essential to everyone in the school

# EMPATHY

- ▶ The next topic we would like to discuss is empathy. In addition to collaboration, empathy is also a vital muscle. Empathy means being kind to one another and showing appreciation for each other. Even though showing empathy can be tricky, we strongly feel that it is one of the most important of the 17 muscles and valuable for life! Stretching your empathy muscles means that everyone will be able to get along in peace. As a consequence of this, we get more work done and our work is of a higher standard.

# managing distractions

- ▶ In Red Oaks, managing distractions means when someone is being silly, you will just ignore them.
- ▶ Although managing distractions is a well known muscle, we feel like it is one of the most important BLP muscles
- ▶ We get more done because we are managing distractions
