

Set task e.g A puppet for a puppet show

Photo of finished product.

Name ..... Term ?

Look at the examples you have been given and draw 2 different products that you like. Colour and label the different parts.

L.O. To develop and communicate their design ideas through drawing and modelling

|  |  |
|--|--|
|  |  |
|--|--|

Draw your design and write a list of what you want your product to have.

E.g -

|  |   |
|--|---|
|  | <ul style="list-style-type: none"><li>•</li><li>•</li><li>•</li><li>•</li><li>•</li><li>•</li></ul> |
|--|---|

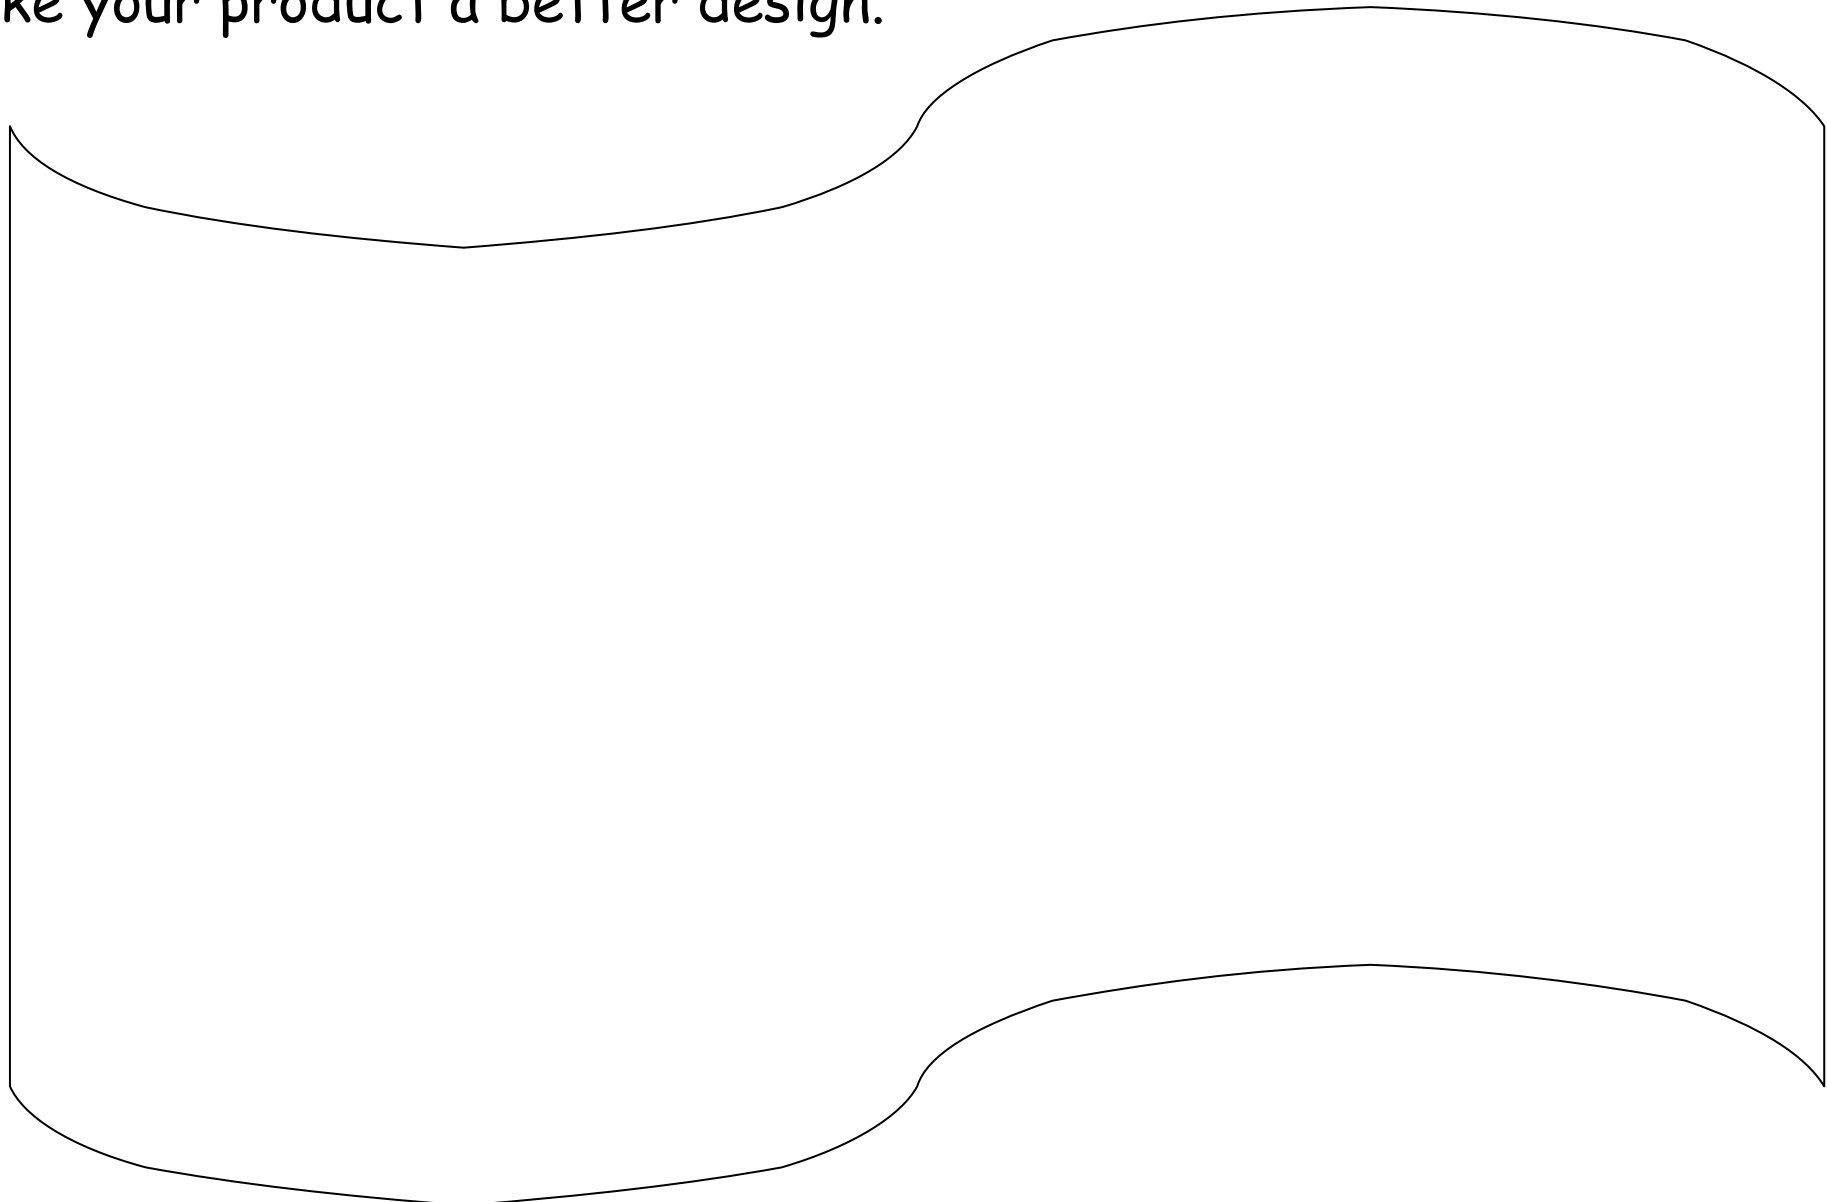

Draw a template for your product.

Talk to your design partner, what can you improve on? Blue pen your design.

L.O To make simple drawings and label parts

Draw an improved template for your product, from your blue penning, to make your product a better design.

This is the pattern for my final design.

These are photos of me making my product.

Stick the paper templates you used to cut the material here.

What did I like about my product?

What did I not like and would change?

What did my design partner think of my final product and why?

LO: To evaluate their finished product.
